Copy Print Scan Fax

Future-proof technology at your fingertips.

At last! A printing system that doesn't stress everyone out. Things have changed. Our new multifunction product (MFP) is the intelligent device you've always wanted to scan, copy, and print your A4 documents. No more frustration with an out-of-date contraption, slamming any part of the machine that moves. This colour MFP has a smart touch-screen control panel and is always running the latest technology.

Putting up with old equipment until your contract finally ends is out. Software that automatically updates is in, along with the ability to add additional functionality that your business may need in future. Your MFP is always ready to operate. You can print, copy and scan more materials, faster and remotely from wherever you are – just plug in this intelligent device and let it run. You'll be glad to know our A4 and A3 MFP models work in exactly the same way too.

The A4 MFP generates 30-43 pages per minute, and multiple paper trays mean you can handle any kind of print job. Plus the trays hold more paper than ever before, so you spend less time refilling them. You won't need to budget for extra services or equipment either. Select a model that staples and/or faxes and you'll have every function you need, built into one smart device.

It's the 2020s, and you're right to demand an MFP that can keep up with your dynamic digital workplace.

Scalable document handling options that grow with your business.

Modern devices all interact with one another. Why should your MFP be any different? With Ricoh, you can scan documents to a folder on your network but also add third party apps and cloud services. You decide which features your device does and doesn't have. You'll only see options for the services you use, so you can get to them quickly and without any fuss.

Secure handling of your documents and data

For complete security across your network, your MFP runs Ricoh's own operating system. This gives you complete control over who sees and doesn't see the documents you process. Your MFP can overwrite your data at the end of every print run, so no sensitive information is ever leaked. And you decide who has access to every document, restricting access to select information.

Sustainable design to take you far into the future

Ricoh MFPs are extremely energy efficient. It's as important to us as it is to you, that any device we develop leaves a small carbon footprint on the environment. As many parts of our machines as possible are made from recyclable materials, so you can be eco-friendly, but keep your internal costs down at the same time.

Ricoh's range of intelligent MFPs works as a fleet, which means you can access all of them at once to keep the whole network running. Any operational issues can easily be fixed remotely too, so your machine is never down for long, allowing you to focus on more important things, while your MFP runs effortlessly in the background – like every other smart device you use to grow your business.

Simple systems to make your working life easier

All our devices operate like one machine because the control panels and technology are exactly the same. You won't waste time figuring out how to scan or print every time you use another machine. Our 10.1" tilting touch-screen is as intuitive to use as your smartphone, so cryptic control panel messages are now a thing of the past. Add your company logo, personalise your device for different team members, and use it to watch how-to videos, or get help online.

IM C300 / IM C300F / IM C400F / IM C400SRF product configuration chart

Mainframe

IM C300

10.1" Smart Operation Panel
50-sheet SPDF
250-sheet input tray
100-sheet bypass tray
100-sheet output tray
Dimensions: 498 x 561 x 510 mm
Weight: 47 kg or less

IM C300F

IM C400F

10.1" Smart Operation Panel
50-sheet SPDF
550-sheet input tray
100-sheet bypass tray
100-sheet output tray
Dimensions: 498 x 561 x 590 mm
Weight: 50 kg or less

IM C400SRF

10.1" Smart Operation Panel
50-sheet SPDF
550-sheet input tray
100-sheet bypass tray
Internal finisher (250-sheet output/
50-sheet stapling)
Dimensions: 615 x 561 x 706 mm
Weight: 60 kg or less

1-Bin Tray Type BN1040

Capacity: 100 sheets
Dimensions: 554 x 482 x 138.5 mm
Weight: 3 kg or less
Not available with the IM C400SRF

Fax Option Type M41

Only available with the IM C300

NFC Card Reader Type M13

Other options

- Data Overwrite Security Unit Type M19
- Device Server Option Type M37
- Enhanced Security HDD Option Type M10
- File Format Converter Type M19
- IEEE 1284 Interface Board Type M19
- IEEE 802.11a/g/n Interface Unit Type M19
- OCR Unit Type M13
- Optional Counter Interface Unit Type M12
- Page Keeper Type M28
- PostScript3 Unit Type M41
- Unicode Font Package for SAP(R) 1 Licence
- VM Card Type M37

Low Cabinet 71

Dimensions:
498 x 532 x 232 mm
Weight: 14 kg

Medium Cabinet 72

Dimensions:
498 x 532 x 380 mm
Weight: 17 kg

High Cabinet 73

Dimensions:
498 x 532 x 528 mm
Weight: 20 kg
Not available with
the IM C400SRF

Paper Feed Unit PB1170

Capacity: 550 sheets
Dimensions: 498 x 552 x 150 mm
Weight: 10.7 kg or less
Max 2 optional paper feed units can
be installed without a caster table
Max 3 optional paper feed units can
be installed with a caster table

Caster Table 70

Dimensions: 498 x 532 x 84 mm
Weight: 6 kg

Dimensions are stated in width x
depth x height (W x D x H)
